

Creating Spaces That Deliver Experience

In hospitality projects, design is not just about buildings — it's about creating experiences. At Econstruct, we specialize in designing and executing hospitality spaces that are functional, visually appealing, and built for long-term performance.

From hotels and resorts to restaurants and banquet spaces, we ensure every project meets operational efficiency, guest comfort, and structural safety.

About E-Construct

E-Construct Design & Build Pvt. Ltd. is a multidisciplinary firm specializing in architectural planning, structural design, and construction services. We focus on delivering practical, cost-effective, and high-quality solutions across residential, commercial, and hospitality projects.

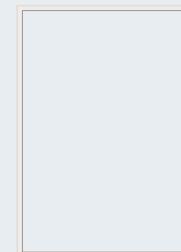

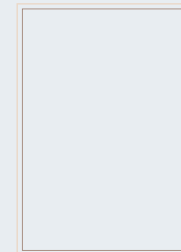

With strong technical expertise and real project experience, our team ensures every project is designed smartly and built to last. From concept to completion, we provide end-to-end construction solutions under one roof.

Our Expertise in Hospitality Projects

- Hotels & Resorts
- Restaurants & Cafés
- Banquet Halls & Event Spaces
- Food Courts & Dining Areas
- Clubhouses & Leisure Spaces

Why Choose Econstruct?

- Complete Solutions Under One Roof
From design to construction, handled by one expert team.
- Strong Structural Expertise
Safe, durable, and efficient design — not just drawings.
- Cost-Optimized Planning
Save cost with smart design decisions.
- Practical & Buildable Designs
Designed for real site execution.
- End-to-End Support
From concept to handover.
- Experienced Team
Experts in complex and high-rise projects.
- Transparency & Accountability
Clear process, no hidden surprises.
- Time-Efficient Execution
Faster delivery through better coordination.
- Client-Centric Approach
Designed as per your vision and needs.

What We Deliver

- Architectural Planning & Layout Design
- Structural Design & Detailed Drawings
- IFC / GFC Drawings for Execution
- 3D Elevation & Visualization
- Site Support & Execution Guidance
